H. T. Chapman, Esq.

Dear Sir:—

Many thanks for your kind information. Is there no society at all in Phila, devoted to coins? A friend of mine not interested in my hobby says he has seen in the windows of a building somewhere on Chestnut St, and the curtains the words Numismatic Society. Do this the one you were speaking about or is it a dealers place. In regard to the library I was asking about the A. N. A library. As you

Librarian, I would like to know what we have. Have you a list of our works? I am trying to complete my collection of proof (pair) small U.S. cents. Will you kindly send me your list? I would be very pleased to receive your catalogues of the different sales you have. All bargains, I take if possible. Have you any detailed work of the U.S. Cents after 1814. If so what is the price. Whose list is now taken as correct? Almighty or Maris'. Have you any copies of Vol 6 2-8 of the "Coin Collectors Journal" for sale? Will you please quote me prices.

Very Truly Yours
W. H. Taylor.
